Education

Bocconi University, BSc in Mathematical and Computing Sciences for AI

Milan, IT; Sep 2023 – Jun 2026

GPA: 29.8/30. Relevant coursework: Calculus, Linear Algebra, Computer Science, Algorithms, Probability, Economics.

Scientific and Humanities Studies at Liceo C. Golgi

Breno BS, IT; Sep 2018 – Jun 2023

Main coursework: Math, Physics, Biology and Chemistry, Philosophy, Latin. 5-year high school diploma.

Professional Experience

Product designer and Software engineer at LTF

Remote; Dec 2023 – present

Co-heading design and helping development of a Slack bot to streamline event organization within the community. Using: TypeScript, Vercel.

Sentiment analysis Project Lead - Hephaestus Applied AI

Milano, IT; Sep 2023 – present

Guided the team through a didactical project on tweets. Preprocessed and split dataset, vectorized with TF-IDF, trained, evaluated, saved and used three models: BernoulliNB, LinearSVC, Logistic Regression. Achieved 82% accuracy with the last one.

Simulating natural evolution - Researcher at Bocconi Students for Machine Learning

Milano, IT; Sep 2023 – present

Designing and engineering DarwinSim, a project aimed at modeling natural evolution dynamics in a virtual environment. Defining features, developing codebase, running simulations, plotting data, conducting analysis and research in team.

Consultant for startups - Bocconi Sustainable Innovation

Milano, IT; Sep 2023 – present

Advising Argo, a startup creating a smart companion robot. Researched the market, analyzed competitors and outlined the value proposition.

Co-founder of Testate Podcast

Malegno BS, IT; Nov 2021 – Jan 2024

2.7M VIEWS AND 20,000 HOURS LISTENED WITH 10 EPISODES

- Took care of everything, top to bottom: designed the brand and the format, defined the strategy, sourced guests, conducted interviews, managed production, distribution, communication and marketing.
- Amongst the guests: a Ph.D. student in ML at MIT, Italy's best-known mathematician Piergiorgio Odifreddi, the founder of Will Media and the political party NOS Alessandro Tommasi, an energetic engineer and environmental activism leader, a vice world champion in bodybuilding.

Student Government President at Liceo C. Golgi

Breno BS, IT; Oct 2021 – Oct 2023

LED 1,200 STUDENTS AND REPRESENTED 52,000 FOR 2 CONSECUTIVE YEARS

- Won the election obtaining, as an individual among 12 candidates, 79% of all the preferences.
- Attained a 40% cost cut for families and students by revising thoroughly the school budget.
- Held speeches, gatherings, and events for more than 1200 people. Represented and voted for 52,000 students in the Regional Council.

Academic Honours

National Math Olympiad in teams, 18th place, Team Senior Member, 1324 teams

Cesenatico, IT 2023

National Math Olympiad, Bronze medal, 200,000 students

Cesenatico, IT 2022

National Excellence award, listed in the register by the Italian Ministry of Education

Rome, IT 2022

National Italian Language Olympiad, Finalist, 43,000 students

Rome, IT 2022

Regional Debate olympiad, Silver medal, Team Captain

Brescia BS, IT 2022

National Math games Kangourou, 13th place, 100,000 students

Cervia, IT 2020

Extracurricular Activity

Nova - global talent network

Sep 2023 – present

Entered the merit-based access network Nova as one of the youngest admitted ever. Obtained full financial aid, very rarely granted.

Lead The Future STEM mentorship

Jun 2022 – present

- Passed the selection with 13% acceptance rate; engaged with some of the best Italian individuals in STEM, with careers in the world's leading realities such as Deepmind, Apple, Meta, Amazon, Stanford, Harvard, MIT.
